

Response to Proposal for .conf.au and .info.au

Thank you for providing the opportunity to provide feedback in relation to the .info.au and .conf.au domains.

It is LUTADA Investments opinion Pty that .info.au be is not a viable 2ld. The required level of support and upkeep is far outweighed by the lack of use, demand and promotion of such a domain name space.

In regards to .conf.au, while demand is low, it is there and it is LUTADA Investments opinion that support be continued and the acceptance of new registrations take place. Eligibility would be much the same, 12 months prior and post to the event, in the event that the event is cancelled, the domain expires after 6 months.

LUTADA Investments Pty Ltd supports a clean DNS 'zone' file for the AU ccTLD.

Kind Regards,

LUTADA Investments Pty Ltd.
