

Statement

Uluru Statement from the Heart

19 June 2023

The Board of the .au Domain Administration Limited (auDA) accepts the invitation to walk with First Nations peoples towards reconciliation, as set out in the Uluru Statement from the Heart.

Consistent with our unwavering support for a multi-stakeholder approach to internet governance, we recognise that listening and learning from a diversity of perspectives empowers those with a voice and enables better outcomes.

The upcoming referendum provides a pivotal opportunity to reflect on our past, and importantly, have a say in the future we seek to forge as a nation.

In the lead up to this moment, we encourage .au members and Australian stakeholders in our community to seek out and learn from informed voices, to help form their views.

ENDS

About auDA:

auDA is endorsed by the Australian Government as the trusted administrator of the .au domain name system (DNS), part of Australia's suite of critical communications infrastructure.

auDA is a not-for-profit and works to innovate and invest in the Australian internet ecosystem to improve the utility of the .au domain for all Australians, including First Nations peoples. Through its stewardship of the .au domain and support of multi-stakeholder internet governance, auDA strives to ensure the internet remains open, free, secure and global.
