# .au namespace information

# .au direct

<b>Target audience</b>	<b>General</b> .au direct is a general use namespace for all eligible registrants.
<b>Eligibility rules overview</b> (Who is eligible for .au direct)	Anyone with a verified connection to Australia is eligible to register a .au direct name. This connection is defined as an 'Australian Presence' in the .au Licensing Rules and includes citizens, permanent residents, companies, not for profits and more.
<b>Allocation rules overview</b> (What names they can choose)	There are no allocation rules for .au direct names meaning you can choose any name you like provided it is available and you are allowed to use it.
<b>Relevant licensing rules sections</b>	<ul style="list-style-type: none"><li>• Definitions – 'Australian presence'</li><li>• 2.4.3 - Eligibility and Allocation criteria</li></ul>
<b>Example positioning</b>	<p><b>Audience:</b> Entrepreneurs + hobbyists without a domain</p> <p><b>Position:</b> The domain name for new ideas</p> <ul style="list-style-type: none"><li>• A .au direct domain name is a simple first step to an online presence for your new idea.</li><li>• Stand out with Australia's shortest, simplest domain name.</li><li>• Three in four Australians trust websites ending in .au over other websites.</li></ul>

# com.au

<b>Target audience</b>	<b>Business</b>
<b>Eligibility rules overview</b> (Who is eligible for .au direct)	com.au domain names are for businesses. They can be held by commercial entities registered to trade in Australia or that hold an Australian trade mark.  When you register your com.au domain name, you'll need to provide your company information including your ABN, ACN or Australian trademark details.
<b>Allocation rules overview</b> (What names they can choose)	Your com.au domain name needs to have a connection to your business. This includes: <ul style="list-style-type: none"> <li>• Your business or personal name</li> <li>• An acronym of your business name</li> <li>• A match with your Australian trade mark, if you have one</li> <li>• A service or product you offer</li> </ul>
<b>Relevant licensing rules sections</b>	<ul style="list-style-type: none"> <li>• Definitions – ‘Australian presence’, ‘commercial entity’</li> <li>• 2.4.4 – com.au and net.au Eligibility and Allocation criteria</li> </ul>
<b>Example positioning</b>	<p><b>Audience:</b> Small businesses, 0-4 employees with no domain name</p> <p><b>Position:</b> com.au is the trusted choice for Australian business.</p> <ul style="list-style-type: none"> <li>• com.au is the most popular .au namespace for businesses in Australia.</li> <li>• A com.au domain name is a clear signal that your business has a connection to Australia.</li> <li>• Half of Aussie consumers will only purchase from a website with a .au address.</li> <li>• A web or email address with a com.au puts you in control of your unique online presence.</li> </ul>

# General logo usage guidelines

## Namespace logos

Each .au namespace has separate elements that can be used:

- **Logo lock-up:** The namespace text and dot pattern together
- **Dot grid:** The dot pattern by itself.
- **Product colour:** The 'feature' colour for each namespace

## General usage guidelines

- Try to ensure no other page elements are interfering with a logo, and maintain clear space around it.
- Keep logo lock ups intact – don't try and separate the text from the dot grid.
- Don't stretch, rotate or distort logos
- Use the provided logo files, please don't try and recreate a logo yourself
- Do not change colours in a logo
- Do not add any shadows or effects to a logo
