7. Other Business

The CEO formally thanked the retiring Board members for their service on the Board and in particular Kim Heitman who has served on the auDA Board since 1999

Member Sean Fogarty queried, in regards to the process for change of registrant, if there was any future plans to allow the new registrant to take over the existing term of registration rather than beginning a new 2 year registration

It was explained that com.au domain names are licensed rather than owned, unlike in .com, and therefore it is simpler from a legal perspective to commence a new licence as opposed to assigning the old licence. This issue has been raised in previous policy panels and further information is available on the auDA website

Member Ned O'Meara queried the status of the 2010 Names Panel recommendation to allow domain name licence periods of between 1-5 years

The auDA Board will consider this matter as part of the next registry appointment, as any change in licence periods would require changes to the Registry database and pricing schedule

Member Ned O'Meara asked if any data was compromised during the recent auDA website hack
The CEO advised no information was accessed or stolen from the auDA website. The CEO advised the matter is still being investigated and that auDA is currently in the process of upgrading its website software. No announcement will be issued regarding the matter however a full report will be provided to the auDA Board once the investigation is complete

Member Ned O'Meara asked if more information would be provided regarding complaints lodged and the complaints resolution process

The COPO advised that auDA staff were in the process of compiling a detailed complaint's reports, however this was a slow process due to software issues

Member Sean Fogarty asked if complaints had reduced

The COPO advised the number of complaints investigated by auDA had reduced from previous years.

8. Close of Business

The meeting was closed at 4.45pm
